Thank you for considering donating to Heartlands

Please bear in mind that we can issue you with a S18A certificate which means the **full value of your donation is 100% tax deductible**. We would also love to invite you for a tour of the Sanctuary to see first-hand the incredible work being done behind the scenes.

Firstly, heading into the Christmas season, our little children have written notes to Father Christmas. As below.

Christmas wish list for the tiny tots

MONTHLY FINANCIAL DONATIONS (100% Tax-deductible)

We would like to introduce you to our R100 campaign. Here we are encouraging members of the community to put a debit order together for R100 or more, to help us help the little people in our care.

Please Adopt a Cot | Special Needs Children

R150pm 100% tax-deductible donation

Please contact Nikki@heartlandsbaby.org or call 021-852 3527 for more information

Special Needs Children require so much more than your 'average' child such prescription medication, skin care and more. In addition, there are many, many trips per month to Red Cross and Tygerberg Hospitals and to various clinics, necessitating the need of a full time driver and additional carers to accompany the children.

These are all costs that one cannot be 'donated-in-kind', so we thus request that you put just **R150pm** on a debit order to help us meet these ongoing children's needs.

Thank you for supporting

About Heartlands:

Heartlands Baby Sanctuary, based in Somerset West, is a temporary residential safe care facility for 25 children at any given time. We provide individual specialised care and support to children in desperate need of care and protection from birth to 6 years.

Within this segment of care in the Western Cape, there is a considerable shortage of temporary residential facilities caring for children under the age of six suffering at the hands of abuse so, on the 4th May 2015, Heartlands Baby Sanctuary was born. It is important to note that a child who has special needs due to physical, emotional or health reasons requires distinct attention and care, thus health, psychosocial and ECD programmes form the 3 key pillars of our services.

Heartlands also offers parents the Mother's Room where they can receive training in order to be better equipped in caring for their children when back at home or out of a hospital environment. This is a key step in the process of rehabilitation and integration back into the community.

Heartlands Baby Sanctuary's aspirations are to continue providing high-quality temporary residential care and support to at-risk children and their families through a holistic, multidisciplinary team approach.

Heartlands Baby Sanctuary is a registered Child and Youth Care Centre and Community Mental Health Facility.
