About Heartlands:

Heartlands Baby Sanctuary, based in Somerset West, at The Interchange, is a short-term residential safe care facility for 25 children at any given time. We provide individual specialised care and support to children in desperate need of care and protection from birth to 6 years. Children are placed with a valid court order from the Children’s Court. These are children who have been abandoned, abused, neglected, orphaned, who are disabled and or are sick. In the past 7 years, we have cared for over 320 children.

After the Children’s Court proceedings are finalised, they are either reunited with their parents or family members, placed in foster care, transferred to other long-term facilities, or adopted. We strive to develop the family bond by either visiting or being accommodated in the mother’s room. We educate them on how to nurture and safely care for their children, once reunited back at home. Heartlands Baby Sanctuary is a registered Child and Youth Care Centre and Community Mental Health Facility.

What it takes for Heartlands to care for a child

Sustainability projects:

We currently have our Chic Boutique, Book Shop and Coffee Shop in place contributing 25% towards our budget. Our **Seeds of Hope Garden** is our 4th sustainability project and is currently being expanded 6-fold. The garden will be a potential job creation and skills development platform, however, most importantly, an income generation project for the Sanctuary, through sales of produce to restaurants and hotels. **SEEDS OF HOPE GARDEN – CONTRIBUTE TO THE GREEN ECONOMY BY OFFSETTING YOUR CARBON FOOTPRINT.**
